Healthcare Solutions Division

Advanced Medical Technology & Healthcare Automation _____

Aljabor Global Tech Trade and Services WLL delivers comprehensive healthcare technology solutions designed to enhance patient care, operational efficiency, and regulatory compliance. Our Healthcare Division partners with hospitals, pharmaceutical manufacturers, medical research centers, and medical device companies to provide reliable, precision-driven systems aligned with international healthcare standards.

We combine advanced medical equipment supply with intelligent automation solutions to ensure seamless healthcare operations, improved diagnostic accuracy, and optimized facility management. Our team works closely with healthcare providers to implement integrated systems that support clinical excellence and sustainable healthcare infrastructure.

Mission

To enhance healthcare delivery by providing reliable medical technologies, precision automation systems, and compliant healthcare infrastructure solutions that improve patient outcomes and operational efficiency.

Vision

To become a trusted regional leader in healthcare technology and medical automation, supporting hospitals, pharmaceutical companies, and medical device manufacturers with innovative and future-ready solutions.

Why Choose Our Healthcare Division

- ✓ Expertise in medical equipment and healthcare automation systems
- ✓ Compliance-focused solutions aligned with international healthcare standards
- ✓ Reliable supply of certified medical products
- ✓ End-to-end services including installation, calibration, and maintenance
- ✓ Strong partnerships with global healthcare technology providers
- ✓ Dedicated technical support and preventive maintenance programs

Core Values Healthcare Division

- ✓ **Patient-Centric Focus** – Supporting technologies that enhance patient safety and care quality
- ✓ **Precision & Compliance** – Delivering accurate, standards-compliant medical solutions
- ✓ **Reliability** – Ensuring uninterrupted healthcare operations
- ✓ **Innovation** – Integrating smart healthcare and automation technologies
- ✓ **Professional Integrity** – Maintaining ethical and responsible healthcare partnerships

Core

Healthcare Segments

Hospitals & Healthcare Facilities

We provide automation and medical technologies that optimize patient care workflows, facility management systems, and clinical operations. Our solutions enhance operational transparency, reduce downtime, and support improved patient outcomes.

Pharmaceutical Industry

Our precision automation technologies streamline pharmaceutical production processes, ensure quality control, and support regulatory compliance. We enable efficient manufacturing, monitoring, and documentation systems aligned with international standards.

Medical Device Manufacturers

We support medical device production with advanced automation systems that enhance manufacturing precision, quality assurance, and operational efficiency.

Healthcare Product Portfolio

Healthcare Product Portfolio

- Medical Test & Diagnostic Devices
- Patient Monitoring Systems
- Professional Medical Displays
- Pediatric Medical Equipment
- Clinical & Laboratory Equipment
- Hospital Infrastructure Systems
- Sterilization & Safety Equipment
- Medical Consumables & Supplies

Healthcare Services

- Medical Equipment Supply & Installation
- Automation & System Integration
- Calibration & Testing Services
- Preventive Maintenance Contracts
- Technical Support & After-Sales Services
- Regulatory & Compliance Consultation
- Healthcare Facility Technology Planning

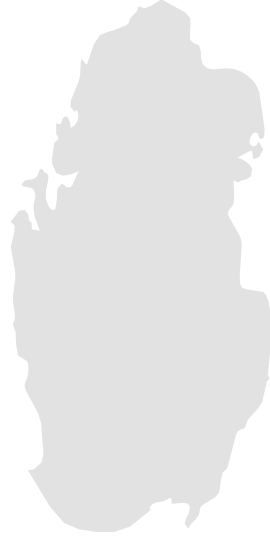

Our Products

Our Commitment to Healthcare Excellence

We are committed to delivering safe, innovative, and reliable healthcare technologies that support the evolving demands of modern medical institutions. Through strategic partnerships and technical expertise, we contribute to strengthening healthcare infrastructure across Qatar and the region.
